

MCINTOSH COLLEGE LIBRARY

Dover, NH

Owner

McIntosh College*

Design

Bob DeColFmaker

Project Completed

June, 1996

Building Type

Educational Facility
Addition/Renovation

Construction Method

Construction Management

The construction of the McIntosh College Library was a major step for the college. Jewett Construction Co., Inc. was selected out of several construction managers vying for the project. Some of the project's construction challenges included placement of several high concrete retaining walls, elaborate oak finishes, and an open truss & exposed fir roof deck.

With an intense schedule and the challenges of working in and around the student and faculty body, the construction was performed successfully during the winter months.
